# LETTER FROM OUR CEO

To our valued retail accounts and community members,

**John Harrison**  
Founder and CEO  
Fondateur et PDG  
Ecotrend Ecologics Ltd.

**We are grateful for your continuing support this past year. I would like to extend sincere thanks to those who joined us at CHEA East and CHEA West. We are glad that we are able to connect industry minds together during these wonderful tradeshow.**

In 2023, we have welcomed new faces and partnership opportunities at Ecotrend, which is reflected in this catalogue. It goes to show that despite the disruption and uncertainty from the previous year, Ecotrend Ecologics and our larger community in the Canadian natural health industry have managed to move forward and grow. This year we are excited to introduce our amazing new partners, their products, and the values they bring to our community.

I would like to extend personal thanks to everyone out there reading our catalogue. I feel more confident than ever in my appreciation for this amazing industry and community. My team and I appreciate your 38 years of support to the great brands we represent.

We are looking forward to working with all of you in 2024.

All the best!

# LETTRE DE NOTRE PDG

Chers détaillants, chers membres,

**Nous vous sommes reconnaissants de votre soutien continu au cours de l'année écoulée. Je tiens à remercier sincèrement tous ceux qui nous ont rejoints à CHFA East et CHFA West. Nous sommes heureux de pouvoir réunir les esprits de l'industrie à l'occasion de ces merveilleux salons.**

En 2023, nous avons accueilli de nouveaux visages et de nouvelles opportunités de partenariat chez Ecotrend, ce qui se reflète dans ce catalogue. Cela montre que malgré les perturbations et l'incertitude de l'année précédente, Ecotrend Ecologics et notre communauté plus large dans l'industrie canadienne de la santé naturelle ont réussi à aller de l'avant et à se développer. Cette année, nous sommes ravis de présenter nos nouveaux partenaires, leurs produits et les valeurs qu'ils apportent à notre communauté.

J'aimerais remercier personnellement tous ceux qui lisent notre catalogue. Je suis plus confiant que jamais dans mon appréciation de ce secteur et de cette communauté extraordinaires. Mon équipe et moi-même apprécions le soutien que vous apportez depuis 38 ans aux grandes marques que nous représentons.

Nous nous réjouissons de travailler avec vous tous en 2024.

Bien à vous!

# ABOUT US

“Our vision is to unite suppliers, retailers, and consumers through our high standard of ethics in business including equality and sustainability.”

Ecotrend Ecologics Ltd. is dedicated to our people, principles, and planet. We provide premium products, exceptional service, and a truly principled approach to business.

Founded in 1986 by import/export specialist John Harrison of Vancouver, British Columbia, Ecotrend Ecologics has steadily grown from a one-person operation to its current complement of over 50 dedicated professionals. Today, we are a respected international distributor representing high quality products and servicing both retail health stores and alternative healthcare practitioners.

Ecotrend's staff manages over 2500 retail and over 2500 professional accounts, and works with over 120 fantastic and unique brands. We believe in a down-to-earth approach. Family and friends play an important role in the community relationships we are proud to maintain with our brands. Nurturing a foundation of loyalty and trust in our nationwide health-focused community is of the highest importance to us.

Climate Smart, a Canadian government-approved program, requires a detailed assessment of all aspects of a company's carbon footprint. Seven months after starting this program, Ecotrend was able to receive its certification and it is the only company in the Health and Wellness industry in Canada that has committed itself to this level of environmental stewardship. Attaining our Climate Smart certification is an ongoing renewal process that we commit to on a yearly basis. Ecotrend Ecologics also utilizes green energy in our head offices with Bullfrog Power, and we are Better Business Bureau-accredited.

# À NOTRE SUJET

« Notre vision : réunir des fournisseurs, des détaillants et des consommateurs sous la bannière de nos normes élevées d'éthique commerciale, dont l'égalité et la durabilité. »

Ecotrend Ecologics Ltd. honore ses gens, ses principes et notre planète. Nous offrons des produits excellents et un service exceptionnel selon une approche commerciale rigoureuse.

Fondée en 1986 par John Harrison, spécialiste en importation/exportation de Vancouver (C. -B.), Ecotrend, qui n'avait au départ qu'un seul employé, en compte aujourd'hui plus de 50. Elle est un distributeur international respecté de produits de grande qualité qui dessert des magasins de détail et des professionnels de la santé parallèle.

Son personnel gère plus de 2500 détaillants et plus de 2500 comptes professionnels, et travaille avec plus de 120 marques uniques et fantastiques. Nous croyons à une approche terre-à-terre. La famille et les amis jouent un rôle important dans les relations que nous sommes fiers de maintenir avec nos marques. La loyauté et la confiance sont pour nous d'une importance suprême.

Approuvé par le gouvernement canadien, Climate Smart requiert une évaluation détaillée de tous les aspects de l'empreinte carbone d'une entreprise. Sept mois après le début du programme, Ecotrend en a obtenu la certification et est la seule entreprise de l'industrie canadienne de la santé et du bien-être à avoir un tel niveau de gérance environnementale. Climate Smart exige un renouvellement annuel. Avec Bullfrog Power, Ecotrend utilise de l'énergie verte pour ses locaux, et est accréditée par le bureau d'éthique commerciale.

**BRIAN WARAWA**  
Southern Alberta  
[brian@ecotrend.ca](mailto:brian@ecotrend.ca)

When I'm not working on landscaping around my home, you can find me somewhere in the Great Outdoors. If I'm not climbing up a mountain, I'm enjoying skiing down one or pitching tent beneath one. My passion for a balanced, vibrant life has been a wonder-filled journey of constant learning and challenging myself. Although new to the Ecotrend Sales Team, I have had the great fortune of working in this industry for over 17 years now, sharing my passion for health and wellness with my great customers and my wonderful family.

**LEN HARRISON**  
Northern Alberta  
[len@ecotrend.ca](mailto:len@ecotrend.ca)

I've always been interested in helping people improve their health. Over the years, this passion has taken on many evolving forms. From helping customers directly at the retail level in my earlier years, to educating store owners and staff about the unique benefits of specific products as a rep, to product development; connecting people with quality, effective products providing tangible results has always been my passion. I believe that one should take a natural approach to healing, as Western medicine has been around for a mere fraction of the time that natural medicine has.

**BETTY NORTON**  
Vancouver Island/Gulf Island  
[betty@ecotrend.ca](mailto:betty@ecotrend.ca)

I started my journey into the world of health at the age of 18 with an herbal apprenticeship program. This sparked a deep love of natural remedies and healing. After working in the health food industry for 20 plus years in a retail environment, I joined the Ecotrend team in 2009 covering Vancouver Island and the Gulf Island territories. When I am not working with this wonderful company I spend my down time teaching my own herb classes as well as a government funded program for Aboriginal youth during the summer.

#### POLITIQUE DE RETOUR DES PRODUITS

- Tout est fait pour que votre commande arrive en parfait état.
- Nous demandons que tous les produits soient inspectés à l'arrivée et que tout dommage et/ou erreur soit signalé au siège social d'Ecotrend dans les 24 heures suivant la réception de la commande.
- Il faut remplir un formulaire de demande de crédit Ecotrend pour les consommateurs ou les personnes ayant subi des dommages et le renvoyer au siège social d'Ecotrend pour autorisation avant que les produits ne soient acceptés pour un retour et/ou un crédit.
- Si vous comptez utiliser votre propre formulaire de déclaration, nous avons besoin des informations suivantes : Nom et numéro du compte, nom de la personne à contacter, téléphone, numéro d'article, description de l'article, quantité, numéro de facture, motif de la déclaration, numéro de lot et date d'expiration.
- Veuillez noter que: Notre délai de traitement standard pour une demande de crédit est de 2 semaines à compter de la date de réception. Les notes de crédit sont valables pendant six (6) mois à compter de la date d'émission.
- Nous vous demandons de ne pas déduire de votre paiement le montant des Co-Ops et des réclamations sur les produits avant de recevoir votre (vos) note(s) de crédit.

- Les produits peuvent être retournés dans un délai de 45 jours civils à compter de la date d'achat initiale. Voir ci-dessous les conditions de retour supplémentaires pour les produits dont la date de péremption ou de péremption est proche.
- Si les factures sont payées par carte de crédit : tous les montants des notes de crédit sont recredités sur la carte de crédit figurant au dossier.
- Les étiquettes d'appel (pick-up) pour tous les produits qui nécessitent une réfrigération (comme les produits Natren) doivent être organisées par Ecotrend. Les clients sont responsables de l'emballage correct des produits réfrigérés en ajoutant des packs de glace afin de protéger la qualité du produit retourné.
- Sauf indication contraire, les clients sont responsables du fret pour tous les retours.

**Les gestionnaires de comptes ne sont pas en mesure de prendre et d'approuver les déclarations.**

#### RETOURS DE PRODUITS ENDOMMAGÉS

Nos partenaires commerciaux en matière de fret exigent qu'une photo des produits endommagés soit fournie pour toutes les demandes d'indemnisation.

#### RETOURS DES CONSOMMATEURS

Tous les retours des consommateurs doivent être approuvés par le siège social d'Ecotrend avant d'être traités. Les réclamations peuvent être rejetées si les informations fournies sont insuffisantes.

#### RENOI DE L'ÉTIQUETTE D'APPEL

- Les produits retournés doivent être dans un état permettant la revente : pas de dommages, pas d'étiquettes de prix, pas de résidus de colle, pas de timbres ou de dégradations de quelque nature que ce soit.
- Les produits d'épicerie ne doivent pas avoir moins de trois (3) mois à compter de leur date de péremption. Les suppléments (PSN) expirant dans les six (6) mois, les produits périmés ou discontinués ne seront pas acceptés.
